

2019 TSC Sail lesson Class

For a fee of \$30/ person or \$40/ family the TSC provided four hours of beginner sailing lessons over 2 nights at the Tucson Boy's chorus hall this April 2nd & 4th. Textbooks & handouts were also included in the modest cost.

Thirty one people attended the evening classes. A great deal of credit for the large turn out was due to the efforts of our publicity chairperson, Kerie Seamans for getting the word out.

Judging from the feedback of the students, the class was an overwhelming success. Students were also invited to attend our potluck picnic and lake sail. At least 15 of them did. I hope you got a chance to meet some of them. They were an enthusiastic group and a number them are planning on joining the club and pursuing further interest in sailing.

Many thanks to Glenn Brostedt, Gino Bottino, Rick & Gay George, Bill Vallejo, Marshall Williamson and Mark Kane for their help.

These classes are not only a money maker but I also feel that they are a way of keeping the club vital through new and younger membership. Until next year broad reaches & 10 knots of wind,

Dr Richard Sebastian
